5 hours – Wastewater Operators

Possible engineering credits also may be earned at these workshops.

About the Workshops

These Backflow Workshops are sponsored by the League of Nebraska Municipalities Utilities Section and the Nebraska Section of the American Water Works Association. These workshops will focus on the management of a Cross Connection Control Program to prevent cross connections and backflow incidents to protect the water system to ensure quality water for consumers.

Who should attend

The workshops are designed to benefit any water system operator, manager, installer or tester who deals with any aspect of a water system such as equipment selection, purchasing, installation, testing, troubleshooting, basic maintenance, evaluation or management of a water system.

Participants are encouraged to register two weeks before the workshop to ensure adequate handouts and meals will be available. Registration also will be available at the door from 8:30-9 a.m. Cost for participants to attend this one-day workshop is \$65 for members and \$75 for nonmembers. This includes breaks, lunch and learning materials.

Send preregistration and payment to:
